

Independent auditor's report to the members of Glenveagh Properties PLC

Report on the audit of the financial statements

Opinion

We have audited the Group and Company financial statements of Glenveagh Properties PLC ('the Company') for the year ended 31 December 2018 set out on pages 113 to 160, which comprise the Group Statement of profit or loss and other comprehensive income, the Group Balance Sheets, the Group and Parent Statements of Changes in Equity, the Group Statement of Cash Flows and related notes, including the summary of significant accounting policies set out in note 8. The financial reporting framework that has been applied in the preparation of the Group financial statements is Irish Law and International Financial Reporting Standards (IFRS) as adopted by the European Union and, as regards the Company financial statements, Irish Law and *FRS 101 Reduced Disclosure Framework*.

In our opinion:

- the financial statements give a true and fair view of the assets, liabilities and financial position of the Group and Company as at 31 December 2018 and of the Group's loss for the year then ended;
- the Group financial statements have been properly prepared in accordance with IFRS as adopted by the European Union;
- the Company financial statements have been properly prepared in accordance with *FRS 101 Reduced Disclosure Framework* issued by the UK's Financial Reporting Council; and
- the Group and Company financial statements have been properly prepared in accordance with the requirements of the Companies Act 2014 and, as regards the Group financial statements, Article 4 of the IAS Regulation.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)) and applicable law. Our responsibilities under those standards are further described in the Auditor's Responsibilities section of our report. We believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion. Our audit opinion is consistent with our report to the Audit and Risk Committee.

We were appointed as auditor by the Directors on 21 August 2017. The period of total uninterrupted engagement is the period from 21 August 2017 to 31 December 2018. We have fulfilled our ethical responsibilities under, and we remained independent of the Group in accordance with, ethical requirements applicable in Ireland, including the Ethical Standard issued by the Irish Auditing and Accounting Supervisory Authority (IAASA) as applied to public interest entities. No non-audit services prohibited by that standard were provided.

Key audit matters: our assessment of risks of material misstatement

Key audit matters are those matters that, in our professional judgment, were of most significance in the audit of the financial statements and include the most significant assessed risks of material misstatement (whether or not due to fraud) identified by us, including those which had the greatest effect on: the overall audit strategy; the allocation of resources in the audit; and directing the efforts of the engagement team. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In arriving at our audit opinion above, the key audit matter was as follows:

Independent auditor's report to the members of Glenveagh Properties PLC (continued)

Carrying value of inventory €719 million (2017 - €228 million)

Refer to page 126 (accounting policy) and pages 140 to 142 (financial disclosures)

The key audit matter

Inventories, relating to work-in-progress on sites under development and land yet to be developed, represent a significant asset of the Group.

Work-in-progress is made up of the costs of the land being built on, direct materials, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition.

Work-in-progress is stated at the lower of cost and net realisable value ("NRV"), NRV being the estimated net selling price less costs to sell and management's estimated total costs of completion. The forecasting of selling prices and costs is inherently judgemental.

For each development project, site-wide residential development costs are allocated between units built in the current period and units to be built in future years, which requires further judgement.

There is a risk that the calculation of NRV may be subject to estimation error, leading to inventory being held at an incorrect value.

How the matter was addressed in our audit

Our audit procedures included, amongst others:

- Obtaining and documenting our understanding of the process to determine the NRV of the Group's work-in-progress and testing the design and implementation of the relevant controls therein.
- For all new land acquisitions, inspecting purchase contracts to agree the costs of acquisition including related purchase costs.
- Agreeing a sample of other costs incurred and included in inventory in the year to invoices and/or payments, including checking that they were allocated to the appropriate site.
- We inspected Group's NRV reports on a sample basis and challenged the inputs and assumptions by:
 - Agreeing a sample of forecast costs to purchase contracts, supplier agreements or tenders.
 - Comparing forecast sales prices against recent prices achieved for similar properties to support the validity of the estimated sales price in the forecast.
 - Evaluating the sensitivity of the development margin to a change in sales prices and costs and challenging key assumptions in the models, where we considered it appropriate to do so.
- Considering the adequacy of the Group's disclosures regarding the carrying value of inventory.

Overall, we found the key assumptions used in the calculations of NRV and the related disclosures in respect of work-in-progress to be appropriate.

Due to the nature of the Company's activities, there are no key audit matters that we are required to communicate in accordance with ISAs (Ireland).

Our application of materiality and an overview of the scope of our audit

The materiality for the Group financial statements as a whole was set at €4.4 million. This has been calculated with reference to a benchmark of total assets which we consider to be one of the principal considerations for members of the Group in assessing the financial performance of the Group as the principal focus of the Group in the financial period has been the deployment of capital raised. Materiality represents approximately 0.5% of this benchmark. We report to the Audit and Risk Committee all corrected and uncorrected misstatements we identified through our audit with a value in excess of €0.2 million.

Materiality for the parent company financial statements as a whole was set at €4.3 million. This was determined with reference to a benchmark of total assets. We reported to the Audit and Risk Committee any corrected or uncorrected identified misstatements exceeding €0.2 million.

We subjected all of the Group's reporting components to audits for group reporting purposes. The work on all components was performed by the Group audit team.

Respective responsibilities and restrictions on use

Directors' responsibilities

As explained more fully in their statement set out on page 106 and 107, the directors are responsible for: the preparation of the financial statements including being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the Group and parent Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the Group or the parent Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our opinion in an auditor's report. Reasonable assurance is a high level of assurance, but does not guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud, other irregularities or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements. The risk of not detecting a material misstatement resulting from fraud or other irregularities is higher than for one resulting from error, as they may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control and may involve any area of law and regulation and not just those directly affecting the financial statements.

A fuller description of our responsibilities is provided on IAASA's website at https://www.iaasa.ie/getmedia/b2389013-1cf6-458b-9b8f-a98202dc9c3a/Description_of_auditors_responsibilities_for_audit.pdf

The purpose of our audit work and to whom we owe our responsibilities

Our report is made solely to the Company's members, as a body, in accordance with Section 391 of the Companies Act 2014. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for our report, or for the opinions we have formed.
